

Flying to Canada

Flying to Canada can be a rewarding experience, either for a short trip to Victoria or Vancouver, or a longer trip to more remote parts of the country, or for an ultimate destination in Alaska on the "other side" of Canada. This presentation covers procedures required by US Customs and Border Protection and Canadian Customs. It also provides an overview of flight rule differences in Canada, and of resources (charts, facility information, Flight Services, etc.) for pilots.

Directions: Located at the Renton Municipal Airport. This seminar will be held in the Rainier Flight Service classroom.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
