

Controlled Flight Into Terrain (CFIT) Avoidance

In this seminar we will discuss the conditions and operations that increase the risk of impacting terrain during flight. We will take a look at preflight planning, VFR flight in marginal weather, and strategies to avoid a CFIT accident. This is a "free" seminar and part of our continuing FAA Safety Team series and eligible for Wings Credit. To register either go to www.FAASafety.gov and register online, or call Safety in Motion Flight Center at 253-840-5758 to reserve a seat!

Directions: Located inside the Spencer Aircraft building.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
