

Blue Angels Experience

"Bill will describe the Navy's Flight Demonstration Squadron (The Blue Angels) from the viewpoint of one who has been their flight leader/commanding officer. This will cover the history, mission, squadron personnel and description of their preparation for and conduct of a typical air show season. It will also describe the challenges and techniques of flying aerobatic maneuvers with six aircraft in close formation. Some of the Blues' traditional maneuvers, which have not changed much over the years, will be described in detail. A Q&A period will follow Bill's talk."

Directions: From I-5, take Hwy 20 to the west for 4.5 miles, turn right or north on Higgins/Airport Road approximately 1.5 miles, turn right/east on Peterson Road, proceed 1 mile to Fire Hall on your right.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.
