

FAASTeam presents:

# Tacoma Narrows and Bremerton IMC (Instrument Flying) Club

IMC Club (Tacoma Narrows-PWT) meets monthly for guided discussions (also known as "hangar talks") focused on real scenarios which call for tough decisions in the real world IFR environment. As we discuss the monthly scenario, we share ideas and safety tips on how best to deal with specific IFR challenges. Our objective: continually improve proficiency in IFR flying for pilots at ALL experience levels. This is a true participative discussion seminar and NOT just another one-sided lecture. This seminar is eligible for Wings Credit thru the FAAST safety team. To register either go to [www.FAASafety.gov](http://www.FAASafety.gov) and register online, or call 253-273-8140 to reserve a seat! Pilots of all skill levels and experience from student pilot to ATP are welcome. IMC clubs are sponsored by EAA, which provides the training resources/scenarios to local coordinators/clubs.

**Directions:** Next building south of Bremerton airport restaurant

### **A message from the National FAASTeam Manager**

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!
