

## VFR Workshop And RFS Safety Seminar

Sure, you can recite the four strokes of an engine and explain how an alternator works. But can you apply this knowledge? Can you identify why an engine won't start? A professional flight instructor will moderate this open forum discussion applying your systems knowledge to practical situations.

**Directions:** Located at the Renton Municipal Airport. This seminar will be held in the Rainier Flight Service classroom.

### A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Join us on Facebook: <https://www.facebook.com/groups/GASafety/>

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!
