

FAA Safety Team presents:

How to Keep Your Medical Certificate Alive And Well

Dr. Edwards will discuss the statistics for eventual medical certification, dispelling the myth the FAA “wants to deny you because you are old.” He will also discuss the reasoning behind requirements for some medical testing - given that the aging population of pilots have a higher likelihood of aero-medically significant cardiovascular, visual and neurological diseases. This population also experiences a higher likelihood of using prescription drugs that potentially affect performance in the cockpit. Advice is given for maintaining the medical certificate and what to do when a deferral occurs.

Directions: Western Washington Fairgrounds are located in Puyallup, just off Hwy 512, at the corner of S. Meridian and 9th Avenue SW. Enter fairgrounds through the Blue Gate. FREE Parking in BLUE Lot. If flying in to PLU see additional information below for shuttle details.
