

FAA Safety Team presents:

Nail Your Next Flight Review

A Flight Review (FAR 61.56) can be a daunting experience. With proper preparation along with information regarding what to expect during the review, it doesn't have to be. In this workshop, you will learn what one experienced flight instructor looks for when he conducts flight reviews. Whether you have been out of the cockpit for years or just boning up while your current 24-calendar-month cycle runs out, you will be better equipped to handle whatever your instructor throws at you with regard to the Part 91 flight rules as well as maneuvers and procedures.

Directions: Western Washington Fairgrounds are located in Puyallup, just off Hwy 512, at the corner of S. Meridian and 9th Avenue SW. Enter fairgrounds through the Blue Gate. FREE Parking in BLUE Lot. If flying in to PLU see additional information below for shuttle details.
