

Rough Running At Wauchula

What looks like a perfect partnership in a Cessna Cardinal gets a bit rough over unforgiving swampland. How will you resolve an engine issue and personality conflict when it's not your airplane— even though your backside will be in just as much trouble if the motor quits completely? Join the AOPA Air Safety Institute as we examine “what would you do” in this engaging, real-world scenario.

Directions: Western Washington Fairgrounds are located in Puyallup, just off Hwy 512, at the corner of S. Meridian and 9th Avenue SW. Enter fairgrounds through the Blue Gate. FREE Parking in BLUE Lot. If flying in to PLU see additional information below for shuttle details.
