

EAA VMC Club

The VMC Club meetings are offered by EAA Chapter 406 to enhance the safety of pilots. Meetings are held the first Saturday of each month (unless otherwise noted) at 11:30 am in the Terminal Building at Bremerton National Airport. A different topic or activity will occur each month. This is open to all EAA members and potential individuals interested in joining. You do not have to be a pilot---just having an interest in aviation is the requirement. Meetings are interactive and the goal is to help us all become safer pilots.

Directions: The Terminal Building is south of the closed airport diner. The meeting is held in the Executive Boardroom.
