

FAASTeam presents:

IMC Club Monthly Meeting - Bremerton

IMC Club (Tacoma Narrows-PWT) meets monthly for guided discussions (also known as "hangar talks") focused on real scenarios in the real world IFR environment. As we discuss the monthly scenario, we share ideas and safety tips on how best to deal with specific IFR challenges. Our objective: continually improve proficiency in IFR flying for pilots at ALL experience levels. This is a true participative discussion seminar and NOT just another one-sided lecture. This seminar is eligible for WINGS credit through the FAASTeam.

Our topic this month is PAR approaches. We have a facilitator from Gray Army Airfield Tower (ATC) who will explain how they run the PAR and discuss tips for best utilizing this valuable resource, especially in emergencies requiring a 'no-gyro' approach.

Pilots of all skill levels and experience from student pilot to ATP are welcome. IMC clubs are sponsored by EAA, which provides the training resources/scenarios to local coordinators/clubs.

Directions: Bremerton Airport (KPWT) Terminal Building Conference Room. Fly-in parking available. Meeting will also be live-streamed on Zoom link: <https://us02web.zoom.us/j/87625624698?pwd=WE91aGI1SVlIZkZjcDNCVUh1NkVDUT09>
