

FAASTeam presents:

North Sound WPA Meeting- Non-Towered Airport Traffic Patterns

This is a closed event for Washington Pilot Association members only.

Many pilots are unaware that much has changed regarding non-towered airport operations effective in 2017. Tom Rogers will give a presentation that covers the current regulations and best practices published by the FAA. The presentation will discuss the non-tower pattern, entries, exits, right of way, and wrap it up with his Master CFI suggestions for keeping safe in the busy summer pattern.

Tom Rogers has been flying for 50 years, is a retired Lt Colonel and F15 fighter pilot from the USAF, Retired Captain for Alaska Airlines, and a National Association of Flight Instructors Master CFI. He also holds CFII, MEI, has thousands of hours of instruction, and over 24,000 hours of flight time in 70 different aircraft. Currently he teaches tailwheel ops, Spin training, and UPRTraining and is an FAA Safety Team Representative at the Bremerton Airport.

Directions: The meeting will be held in the pilot lounge at at Jansen Field in Lynden, WA. Accommodations can be made for anyone flying in to KBLI.

Doors open at 6:30pm, presentation starts at 7:00pm.
