

VMC/IMC - WPA Paine Field Monthly Safety Forum

Current topics and scenarios related to safety of flights in VMC and IMC conditions are presented for discussion and education in a forum setting by experienced CFIs and pilots. Active audience participation is encouraged. This month discussions will include pilot decisions for traffic patterns at Astoria in VFR flight, plus an approach decision during night IFR flight.

Directions: Simulation Flight is in office park across the street from Boeing's Future of Flight at KPAE.
