

IMC Club Monthly Meeting - Bremerton

IMC Club (Tacoma Narrows-PWT) meets monthly for guided discussions (also known as "hangar talks") focused on real scenarios which call for tough decisions in the real world IFR environment. We share ideas and safety tips on how best to deal with specific IFR challenges.

This month we will be discussing a real world scenario flown by one of our members: hard IFR weather resulting in multiple missed approaches into KPWT after a long cross country flight from Van Nuys CA.

Our objective: **continually improve proficiency in IFR flying** for pilots at ALL experience levels. This is a true participative discussion seminar and NOT just another one-sided lecture. This seminar is eligible for WINGS credit from the FAASTeam.
