

## North Sound WPA Meeting

**This is a closed event for Washington Pilot Association members only.**

This presentation will discuss safety and organizational culture, with an emphasis on risk management. It will include a brief summary of the avionics certification process, followed by introduction to a typical general aviation flight test fleet and the preparation of an aircraft for flight test. Basic day-to-day duties of a test pilot will be discussed, along with basic flight test processes and techniques. Specific examples of real-world flight tests including the good, the bad, and the ugly will be reviewed.

Meeting will be held in the ARFF Station, at the west end of Bakerview Rd, to the south of the road at the curve.
