

## Flight Analysis Tools - 2025 NW Aviation Conference

The advanced avionics in our panels and our EFBs can do more than help us plan and complete flights. New features and web-based services can provide detailed analyses of every flight, much like the flight data recorders installed in airliners and business jets. Learn about how to use these tools to help you track your performance from takeoff to touchdown and improve your flying skills.

The Washington State Fairgrounds are located in Puyallup, WA, just north of Highway 12, at Meridian & 9th Ave. Enter the fairgrounds at the Blue Gate. There is free parking in the Blue Lot, across from the Blue Gate at Meridian and 10th Ave.

### A message from the National FAASTeam Manager

Earn your WINGS to get a chance to win a prize. Go to <https://www.wingsindustry.com/WINGS-Sweepstakes> for more info. Join us on Facebook: <https://www.facebook.com/groups/GASafety/>
