

# 2012 National Safety Stand Down

This year's FAASafety Team Safety Stand Down focuses on Loss of Control. Loss of Control In-Flight was the dominant cause of fatal general aviation accidents over the last decade. Loss of Control refers to accidents resulting from situations in which the pilot should have either maintained or regained control of the aircraft, but did not. Join the thousands of other pilots across the country in attending this exciting briefing!

**Directions:** From Exit 311 on I-80 at Laramie, go west on Snowy Range Rd for 0.6 mi. Turn right on SH 130 and go west 2.8 miles. Turn left on General Brees Rd. The Fire Station is at the end of the road.

## A message from the National FAASafety Team Manager

Over 10,150 AMTs earned an AMT Award last year. Will you, this year?

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!
