

HYPOXIA: Flying High, Do or Die!

The Hood River Fly-In Event at WAAAM will host a free / complimentary FAA Wings Safety program featuring a multi-media presentation about hypoxia. Learn what hypoxia is, how it can affect you, your flight, and what measures can be taken to prevent or treat its occurrence.

Directions: Drive In: Enter through Main Entrance (Banner) off Air Museum Road. Poster & Schedule of events with map will be posted at the entrance area. Seminar will be held in building M2. Fly-In: Contact temp ground frequency 123.6 for parking. Check in at banner noting "Pilot Registration". Poster & Schedule of events with map will be posted. Seminar will be held in building M2.

A message from the National FAASafety Team Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASafety Team) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
