

Mastering Crosswinds

Crosswind landings are the number one real-world weather related cause of accidents in General Aviation. Taylor has helped develop various programs to help de-mystify them for pilots of all skills and abilities.

Directions: From Donelson Pike (abeam Nashville Int'l) turn on to Knapp Blvd. and then left on Perimeter Rd. The Gassaway Bldg. is #4251. Park in the rear and proceed to Rm. 227 via the stairs or elevator.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
