

## Mastering Crosswinds

Crosswind landings are the number one real-world weather related cause of accidents in General Aviation. Crosswind Concepts has helped develop various programs to help demystify them for pilots of all skills and abilities.

**Directions:** From US 36 and US 287 (Wadsworth) go south to Interlocken Loop. Turn west to Airport Way and proceed south. Go past the stop sign and proceed south to the terminal building. Parking is via the lot to the east of the building.

### A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!
