

Centennial Airport Local Runway Safety Action Team Meeting

Runway incursions remain a serious concern nationally. An important component of our ongoing efforts to improve surface safety at Centennial Airport involves conducting a Runway Safety Action Team meeting at least once each year. This gathering is intended to involve everyone who operates at the airport in developing solutions to enhance surface safety. Your participation is important and your input is welcomed.

Directions: Parking is available to the west of the building. Enter through the gate in the fence to the administration building. The meeting will be held on the second floor in the Wright Brothers Room.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!
