

FAASTeam presents:

CAP-Half Day Ground School

This half day ground school will cover aeronautical decision making, runway safety, and short take off and landing flying skill reviews. The topics will be presented to the commercial pilot level of understanding.

A complete and thorough discussion will include decision- making principle associated with Runway Safety.

In addition to aeronautical decision making, the course will include 1 1/2 hours of instruction relating to high performance take off and landings, Collision Avoidance, Land and Hold Short Operations and Runway Incursion Avoidance.

This course and successful completion will give CAP current F5 w/ instrument qualification the Advanced Phase of WINGS.

Directions: South Metro Fire District Headquarters Building North of County Line Road and West of Chester. Near the intersection of I-25 and County Line Road

A message from the National FAASafety Team Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.
