

IMC Club at IA - Open Meeting

EAA IMC Club, through it's nationwide chapters, provides organized "hangar flying" focused on building proficiency in Instrument flying.

Believing that safety and proficiency are developed through education and experience, monthly meetings use real-world scenarios to engage our members and allow them to share and build their experience.

You do not have to be Instrument rated to attend!

Directions: From I-25 and Arapahoe Rd., proceed east to Peoria St. and turn right. At the entrance to Centennial Airport (where Peoria turns into Bronco's Pkwy), turn right and continue around the control tower. Just before the mailboxes on your left and after the yellow caution sign, turn right into the alley. The front door is at the end of that alley in the Arapahoe Aero building. The classroom is upstairs to the left.

A message from the National FAASTeam Manager
