

GXY EAA Chapter 1117 IMC Club

Believing the safety and proficiency are developed through education and experience, monthly meetings use real world scenarios to engage our members and allow them to share and build their experience.

At the meeting attendees have the opportunity to see and discuss presentations provided by EAA IMC Club. You do not have to be a licensed pilot to attend only an interest in aviation safety.

Directions: Greeley Airport Terminal Building, main entrance, conference room down the hall to the far east end of building.

A message from the National FAASTeam Manager
