

Greeley - EAA Chapter 1117 VMC Club

Believing that safety and proficiency are developed through education and experience, monthly meetings use real world scenarios to engage our members and allow them to share and build their experience.

At the meeting, prospective members have the opportunity to see and discuss presentations provided by EAA/VMC Club. You do not have to be a licensed pilot to attend only an interest in aviation safety.

Directions: Greeley Terminal Building main entrance, conference room down the hall to far east end of building. Prior to attending a safety seminar, please review and abide by current CDC, State and Local health guidelines.
