

## EAA Chapter 43 IMC Club - Live and Zoom

The overarching theme of the evening is "Organized "Hangar Flying" Focused on Building Proficiency in Instrument Flying!"

Believing that safety and proficiency are developed through education and experience, monthly meetings use topic presentations and real world scenarios to engage our members and allow them to share and build their experience. At this meeting, prospective members have the opportunity to see and discuss using weather tools and the likelihood to predict flight conditions presentation. You do not have to be instrument rated nor do you need be a member of EAA Chapter 43 to attend.

In-person: Upon arrival, drive through the gate on the East side of the property and park. Enter through door next to hangar.

Zoom: Contact Larry Earnshaw at [llearnsh@gmail.com](mailto:llearnsh@gmail.com) to receive Zoom login information.
