

## EAA Chapter 515 Monthly IMC Club Meeting

The EAA IMC Club provides a "hangar flying" experience organized around instrument flight, in order to promote safety, education, and proficiency.

Every meeting consists of a scenario presentation and group discussion about unusual or interesting charts, changed rules and procedures, and member experiences. We also have occasional guest speakers.

**The scenario(s) we will discuss at this meeting is/are:** Unexpected turbulence and autopilot issues on a night flight.

Bring your EFB, your experience, and your questions, and be ready to participate.

All are welcome. You do not need to be an EAA member or instrument rated pilot to attend

### Event Details

**Wed, Apr 15, 2026 at 19:00 MDT**

**Jet Center FBO**

4824 Earhart Rd

Loveland, CO
