

EAA Chapter 72 Monthly IMC/VMC Meeting

Cross-Controlled flight comes in two basic flavors: skids and slips. We will watch a video that covers slips and skids with a discussion afterwards.

Piper Lane ends facing the MLAA (Meadow Lake Airport Association) hangar. Parking can be made facing the hangar, or on the left or right sides of Piper Lane extending south of the hangar. The meeting will be held on the second floor of the hangar.
