

A Pilot Forum with the Pueblo Air Traffic Control Tower

Lasting 60 to 90 minutes, this presentation acquaints the audience with air traffic control procedures, pilot and controller responsibilities, and the hazards associated with inadequate preflight planning and poor communication. In-presentation discussions, moderated by a FAASTeam Safety Representative, gives Air Traffic Controllers an opportunity to explain regulatory requirements, air traffic control procedures in local and en-route operational contexts and best operational practices. The audience is encouraged to participate in discussions and to ask questions.

Follow signs to the Pueblo Memorial Airport and turn left on Keeler Pkwy. In .3 miles turn left on Magnuson Ave. In .1 miles turn right into the Pueblo Weisbrod Aircraft Museum Parking Lot.

A message from the National FAASTeam Manager
