

## Summer Aviation Safety Seminar

In the first presentation we will focus on methods to enhance your aircraft preflight inspection practices. Then, in the second presentation we'll concentrate on owner/operator responsibilities concerning maintenance and discuss some ways to evaluate your existing or a potentially new mechanic.

**Directions:** Entering the airport from Airport Parkway, turn onto the service road marked U.S. Customs (Bill Sullivan Drive) and proceed to the parking lot on the south side of the main terminal building. Enter through the exterior doors into the training room.

### A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)

The FAA Safety Team (FAASTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
