FAASTeam CFI Workshops provide an opportunity for Flight Instructors, Ground Instructors, Designated Pilot Examiners and the FAA Safety Team (FAASTeam) to meet and collaborate for safety. The result is the ability to enhance communication and standardization of the pilot training and evaluation processes. This is the first meeting in the series to renew your CFI!

Directions: The Forest Service aircraft hangar is located between the Airport Operation Center and the National Weather Service.

Message from the National FAASTeam Manager:
FAASTeam CFI Workshops start this Fall. Watch for them in SPANS...
