

CRM, ADM, LB, so many Acronyms

Covering the evolving topics of both Crew Resource Management (CRM) and Aeronautical Decision Making (ADM), how they improve flight safety and efficiency, and discussing how they are both viewed on checkrides. Why you should look at log books and what is the required entries you should have before flight. It will be an open discussion with Q&A.

Directions: Located one block west of the Rocky Mountain College campus on Rimrock Road, in the main classroom, the first one on the right as you walk in from the parking lot

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
