

FAASTeam presents:

## Managing Risk

There will be a interactive video. We will cover Crew Resource Management (CRM) as applied to single pilot operations. Many think CRM is for the aircraft with a multi-pilot "CREW". Not true; CRM is for all pilots. This an Approach to System Safety. It's winter, it's cold outside. Attending a safety event is a great way to stay involved with aviation.

**Directions:** Drive to the Bozeman Airport (BZN) the meeting will be at the OLD terminal building located at the base of the control tower.

### A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!

The FAA Safety Team (FAASTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
