

Seven Skills of CRM

As we go through this presentation, I would like us to consider that, perhaps we can learn something from High Reliability Organizations as GA pilots, and adopt some of their philosophies in our own flying. In addition to continuously learning and planning for worse-case emergencies, CRM is one their core values and practices which is one of the main reasons they have so few catastrophic events.

Drive to the east of the MSO frontage road, turn onto Corporate Way Drive. The East LZ Hangars are located on the left at the end of Corporate Drive.

A message from the National FAASTeam Manager
