

Aviation Human Factors

This session will be an interactive facilitated group discussion on Aviation Human Factors and Aeronautical Decision Making. Since the format is not a presentation by a speaker, learning will depend on participation by all attendees who can share their experience, observations, and opinions on a variety of topics. The facilitator will guide the direction of the discussion following a basic outline with open ended questions for us all to discuss.

Drive to the East side of the airport on the airport frontage road. Turn onto Corporate Way Drive. you will find the #3 East LZ hangar at the end of Corporate Way Drive on your left.

A message from the National FAASTeam Manager
