Learn how to survive a crash and stay alive long enough to get rescued. Rob Hunter, experienced Search and Rescue paramedic and crash survivor himself, will talk about survival issues in case the worst ever happens to you.

Directions: From I-70, exit on Horizon Drive, travel north toward the airport. Enter the roundabout at Horizon Drive and H Road, then take the first right turn on to Eagle Way. After exiting the roundabout, take the first right on Navigator's Way, then take the first left on S. Heritage Ct.; the CAF is on the right at the dead end. If you are flying in, park at the FBO (West Star Aviation); they'll give you a ride to the CAF.
