An open forum on runway safety providing an opportunity to review the results of an inspection by the FAA Runway Safety Action Team, and to provide input on your concerns about surface movement safety at Grand Junction, Colorado.

Directions: From I-70, exit on Horizon Drive, travel north toward the airport. Enter the roundabout at Horizon Drive and H Road, then take the first right turn on to Eagle Way. After exiting the roundabout, take the first right on Navigator's Way, then take the first left on S. Heritage Ct.; the CAF is on the right at the dead end. If you are flying in, park at the FBO (West Star Aviation); they'll give you a ride to the CAF.
