

FAA Safety Seminar - Military Training Routes

Air Traffic Controllers will be briefing numerous topics including: NTTR, UTTR, Lights Out Operations, Remotely Piloted Aircraft, Wake Turbulence, and much more. This is a great opportunity to talk with Air Traffic Controllers and others about airspace/traffic separation procedures you may have questions or concerns about.

Directions: Suite 1, In the Duce 2 (north of the concert hall)

A message from the National FAASTeam Manager

Over 136,600 pilots earned WINGS credits last year. Are you one of them?

Sign up for the FAA's safety services at www.FAASafety.gov!
