

Flight Planning Enhancements Mountain Flying Tips and Best Practices

Weather across the Intermountain West is challenging. Join NWS Meteorologists for a look at local winds, (to include mountain waves) icing, turbulence, and visibility. We also will examine observations and sources for information. This is day two (for Pilots) of a special Inaugural of the NWS for a Aviation Weather Workshop for the Intermountain West area. The workshop is from 0800 to 1700- come out and learn from the Pros.

Directions: The conference will be held in the Auditorium of the Bill and Vieve Gore School of Business at Westminster College in Salt Lake City. A map can be found at http://www.westminstercollege.edu/campus_map/index.cfm?parent=7874&detail=7874&content=7887 (The Bill and Vieve Gore School of Business is in Bldg # 3 on the Map (click on number 3))

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.
Sign up for the FAA's safety services at www.FAASafety.gov!
