

FAASTeam presents:

Weather Wise

How significantly important weather concepts and reviewing weather trends are before and during your next flight, contributes to an informed go/no go decision. Recognizing how knowledge of aviation weather casts one as a capable pilot who appreciates that proper planning makes for a better performing pilot. It's not whether or not to go flying , it's to include weather in that decision.

Directions: Commorative Air Force Hangar

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
