

FAASTeam presents:

# Contact the Tower a dialogue with ATC

Eric Bell, Support Specialist in the Training department Salt Lake Center ARTCC (ZLC), will be our guest presenter. A brief introduction: My name is Eric Bell, I have been a controller here at Salt Lake Center for about 28 years now, and have been working in the Training department for 3 years teaching the developmental controllers. I am deeply passionate about all things aviation. My early years were spent flying a C182 throughout the west with my father. I have been a member of the Experimental Aviation Association since 1995, and have been an advocate of improving pilot – controller relations my entire career. I have developed several presentations for pilots that illustrate what Center controllers do, what our expectations are, as well as some of our limitations. We have used these locally for many pilot forums, but honestly I think the most productive time has been spent just talking with pilots and answering their questions. It really helps if folks can put a human face with “the voice”. We look forward to seeing you at this fantastic opportunity!

## Event Details

**Sat, Mar 25, 2017 - 11:00 MDT**

**Southern Utah University**

351 W University Blvd

Business Building

Cedar City, UT 84720

Contact: **CRAIG MICHAEL DAVIS**

**(435) 592-4759**

[craigskyhigh@gmail.com](mailto:craigskyhigh@gmail.com)

Select #: NM0774679

Lead Representative **CRAIG MICHAEL DAVIS**

**Directions:** The seminar will be presented in a lecture hall within the Dixie Leavitt Business Building (see attached map), signs will be posted on the doors indicating the room number on the day of the event. You are free to park in any lot on Saturday as parking is not enforced on the weekend. The best approach is to park in the administration lot that is on the south side of University Boulevard, the business building is just south of the administration building.

**A message from the National FAASafety Manager**

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!

The FAA Safety Team (FAASafety) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
