

How to operate in and around Military Training Areas

Air Traffic Controllers from The Nellis Airspace Management Office and Clover Control will be briefing on numerous topics to include how to transition in and around the Nevada Test and Training Range. The controllers will also brief on how to transition into and around the Nevada Test and Training Range and Nellis Air Traffic Control Facility Airspace. Clover will be briefing on the Utah Test and Training Range. The briefing will focus on Mid Air Collision Avoidance.

Directions: This year's Aviation Safety Briefing/Mid Air Collision Avoidance will be held at the Richfield Fire House

A message from the National FAASafetyTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASafetyTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
