

Getting Back Into The Cockpit!

If you have not been flying much in the last few years the world has changed, so has aviation. Come join us for an evening to see some of the new changes in aviation flying, currency and certification, and how to get informed and excited about getting back into the world of aviation. Or just starting for the first time. It may be easier and cheaper than you thought!

Richard Jeffs will also make a small presentation MX Placards and Enhanced Vision Systems.

Directions: Turn North at the light on 300 West. Metcal Mortuary is on the NE corner. Turn right into the parking lot and enter the main back door.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
