

SLC-FSDO FAAS Team presents:

Military and Civilian Mid Air Collision Avoidance (MACA) near Ogden UT

The best view of an F-35 is not at 7500 feet over the Great Salt Lake as you maneuver aggressively to avoid a collision that was easily avoidable with better planning and awareness.

This seminar will help raise awareness among pilots that operate in the saturated airspace north of Salt Lake and in the vicinity of Hill Air Force Base. Come learn about military operations and how we can all work together to avoid an unexpected run-in in the future.

Directions: Please park in the numbered stalls (no payment required unless parking overnight). Walk West past the roundabout, enter through the glass doors facing East and follow signs.

Free tie down spots are available if you want to fly into the event. Please contact the Ogden Airport Office to make arrangements 801-629-8262.

Additionally, Bickering Sisters restaurant will be open for anyone who would like to grab a bite to eat before the event.

A message from the National FAASTeam Manager
