

SLC-FSDO FAAS Team presents:

KOGD Pilot / Controller Open Forum

Do you fly in or out of the Ogden class delta airspace? Have you wondered why ATC issues the instructions and clearances they do? Would you like to make your experience more seamless? On Tuesday July 19, 2022 we are pleased to have a pilot / controller forum with Ogden ATC Tower manager Frank Elshoz at CB Skyshare.

During this event we will discuss the unique layout of the Ogden and proximity to Hill Air Force Base we will also go over some of the common clearances, why they are given, and how they help facilitate the safe and efficient use of the airspace. There will be plenty of time for questions and answers....so come prepared!

Directions: An in person seminar with free parking for both cars and aircraft.

Arriving in the Car

Please park in the lot to the south east of the building across the street. Look for signs to enter directly into the main hangar through the entrance on the east side of the building just north of the offices.

Arriving in the Plane

CB Jet Center is offering their ramp free of charge if you'd like to fly in to the event. To ensure adequate parking please contact (801) 621-0326
