

SLC-FSDO FAASTeam presents:

# So You Want To Be A Backcountry Pilot?

So you want to be a backcountry pilot? Roy Evans II will share with you some of the most important factors to consider before you venture into the new, exciting, challenging, and rewarding world of flying in Utah's backcountry. Through decades of shared experience, Roy will cover the importance of mentorship, stewardship, and airmanship that will enable even the least seasoned backcountry pilots to enjoy these unprecedented opportunities while maintaining the highest of safety levels. For those who elect to keep their tires clean, the discussions on Aeronautical Decision Making, Risk Assessment and Threat Mitigation, and learning what you and your aircraft are capable of will make you a more competent, confident, and capable aviator.
