

## Simulator Demo

Join us for an informative look at the Redbird RD2 sim. See how the advancing world of flight simulators can widen your aviation safety envelope in areas from flight planning, and primary radio navigation to challenging learning scenarios.

**Directions:** Bldg is located on the corner of 300 E and 700 S in St George, UT, across from Dixie High School. Mtg is being held in the Colonel's classroom. Parking is on the east side of the building, and it is more convenient and safer to be westbound on 700 S and turn right into the parking.

### A message from the National FAASTeam Manager
