

Provo Municipal Airport Annual Runway Safety Action Team Meeting

Runway incursions continue to be a major factor in aviation safety programs. Through user input, the Air Traffic controllers and Office of Runway Safety can improve the services provided to the aviation community. Please attend this program and provide your input so we can make the Provo municipal airport safer for all users.

Directions: Enter the Airport Terminal Building and proceed to the Overlook conference room. Long term parking is free for the first two hours. Prior to attending a safety seminar, please review and abide by current CDC, State and Local health guidelines.
