

## Caught in a Flying Corner? So What Would You do?

*Hangar flying at its finest!*

These sessions provide a scenario for open discussion to promote safety and build proficiency. While participants may have different experience levels with different aircraft capabilities, everyone can benefit from an open exchange to improve skills! Sessions include both visual and instrumental scenarios.

Each Club start with a short video; which ends with, "So, what would you do?" This is where is gets interesting, with all levels of experience adding to the discussion.

About 1 hour for each Club discussion.

WINGS Credit is available for the seminar.

Travel via I-215 to the NE corner of KSLC. Take the 2100N exit; then turn West.

Turn left at the first intersection, 2200W; head South.
