

Montrose Flight Symposium

Saturday June 22, 2024

AT: Western Skyways (Fly in available - MTJ)
21 Creative Place
Montrose, CO 80401
(970) 249-0232

Speakers:

Tim Brill ATP/CFI/CFII (775) 297-9587
Ryan Dickerson of Western Skyways
Rick Jeffs FAA / NM-07 district - Salt Lake City

Schedule:

0845: Arrival and Check-In

0915 - 1015: "Stall Spin Awareness" by Tim Brill

1015 - 1030: Break # 1

10:30 - 11:30: "Mountain Flying Tips" by Tim Brill

11:30 - 11:45: Break # 2

11:45 - 12:30 Aging Aircraft and Component Wear, Part 1 by Rick Jeffs

12:30 - 1:15: Bar-b-que

1:15 - 2:00: Aging Aircraft and Component Wear, Part 2 by Rick Jeffs

2:00 - 3:00: Questions and Answers, Tim, Rick and Ryan

FAA "Wings" Credit given for all 3 seminars

1) STALL/SPIN AWARENESS — What You Don't Know Can Hurt You

Stall/spins account for 12% of general aviation accidents, but upwards of 20-25% of fatal accidents. And upwards of 20% of the fatal stall/spins occur with CFI's on board! Find out what you need to know to avoid stall/spin accident scenarios. Speaker Tim Brill has introduced hundreds of pilots to the relatively unknown world of spins

2) MOUNTAIN FLYING TIPS - Flying in the mountains can be a fun and rewarding experience, but there are certain "rules" that must be followed to ensure flight safety. Join Tim for this fun seminar!

3) **Aging Aircraft and Component Wear** - One of the significant problems in aviation maintenance is aging aircraft and components. As aircraft age, they are increasingly susceptible to wear-and-tear issues, ranging from metal fatigue and corrosion to mechanical parts and electrical systems deterioration.
