

Your First Year Flying IFR

Achieving an instrument rating is the just the beginning of your never-ending IFR experiential learning. In this presentation, we will explore a variety of concepts and actions to improve your IFR flying proficiency, including:

1. Putting Your Toe in the IFR water
2. Being a student of weather
3. Knowing your aircraft by the numbers and a maneuver to fly all flight configurations
4. Getting in the system regularly
5. Alternates- there are more than one
6. Emergencies

The building is located at the North end of the Salt Lake City Airport; just across from Red Rock Medical Supply. Proceed through the vehicle gate into the parking lot on the south side of the facility. Enter the main doors from the south side.

A message from the National FAASTeam Manager
